Dear Sir:

As per 23 CFR 635.309(c), right of way has been acquired in accordance with current FHWA regulations (49 CFR Part 24) and policies covering the acquisition of real property and the following applies:

I hereby certify that all necessary rights of way, including control of access rights (when pertinent), have been acquired including legal and physical possession for the following project:

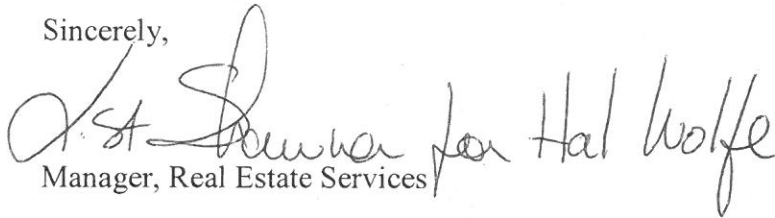

The project will reconstruct the intersection of SR 542 and SR 547 with a roundabout at the northwest corner of the existing triangle and will close the southeast side of the triangle. Super elevations will be normally crowned in accordance with the new channelization.

Attached are the certification table and pertinent right of way plan sheets.

I further certify that there were no residential individuals or families displaced by the above cited project. Therefore, the provisions of current FHWA directives covering the relocation of displaced person(s) to DS&S housing and availability of adequate replacement housing are not applicable to this project.
